### Package Extras

#### RETOUCHING

Nobody is perfect. Let our expert artists put their finishing touches on your photos and erase the little hassles that seem to only crop up during a photo shoot. Let blemishes and shine be a thing of the past.

Retouching is included on all Deluxe packages.

### COPYRIGHT CD

Our Copyright CDs include a color-corrected image, along with copyright release information that allows you to make your own prints or post the image online.

### KEYCHAIN

A high quality print, approximately 1.3x1.8, is placed in a square black flashlight unit and covered in clear plastic. You can activate the flashlight by pushing a small button on the back.
